

Sara Helal

Front-End Developer

[s.helal91@gmail.com]

[+447539168959]

London, UK

Experience

- **Self Taught**

2020 - now

I have spent two years studying frontend technologies and have done many projects working with frameworks like react and vue (e.g. booking website, Ecommerce shopping site, todo list, admin dashboard)

- **Full-time mother**

2016 - 2020

I took a break those years because I had two beautiful kids and they were my responsibility.

- **SMACRS company**

Oct 2015 - May 2016

I worked as a WordPress designer.

We set up many projects for the Egyptian government,

As well as women's and beauty blogging sites. My

Role was creating the frontend pages with html,css and php.

Education

- **Bachelor of Engineering**

Sep. 2008 - Jul. 2013

Computer and System Department, Mansoura University

- **Information technology diploma**

Oct. 2013 – Jul. 2014

9-Months Diploma of Professional Developer

Information Technology Institute ITI | Mansoura Branch

Projects

- **Portfolio Project**

I built my portfolio website using React to visually display my projects and source them in github.

- React projects (e.g. booking clone, boxes game, admin dashboard, portfolio)
- Vue projects (e.g. todolist, covid api tracker, customer reviewing website)

- **Shopping Ecommerce Website**

This is my fullstack project, I focused in building most of the ecommerce features with pure php

(e.g. filtering, add to cart, add to favorites)

- Technologies used: html5, css3, bootstrap, php, mysql, ajax.

- **ITI graduation Project**

We Built a website for craftsmen written with ASP.net.

My task was creating the archives and the news blog.

- **University Graduation project**

Our project was a Smart Pen with Arduino.

Skills

- Front-End Technologies: Html5, css3, Javascript, Ajax.
- Css frameworks: Bootstrap, Tailwind.
- Css preprocessor: Sass.
- Javascript frameworks and libraries: React , Vue, JQuery.
- Version control system: Git.
- Testing: ISTQB certificate.
